There were three different additions to the building constructed. First, the gymnasium, and the cafeteria.

All together the building cost \$20,000; the Township paid \$10,000 and the Township paid \$10,000.

The building consists of three class rooms, 100 of which are rooms; gymnasium, which is 100 feet by 100 feet by 100 feet. One floor of the gymnasium is 100 feet by 100 feet by 100 feet; which is 100 feet by 100 feet by 100 feet; which will seat 300 people. The gymnasium will seat approximately 300 people.

ADULTS

No more to my dish with a  
quivering lid-  
The lesson has done  
Dear teacher, I want a new  
lesson. He said:  
"I have spoiled this one."  
In place of the lesson I studied  
and allotted,  
I gave him a new one all my own  
And into his hands I gave  
"No better now, my child."

## LORRAINE JOHNSON

On April the eighth, 1923 Miss Lorraine Johnson entered this world. Lorraine, the daughter of Mr. and Mrs. William H. Johnson, lived at Decatur, Indiana.

Lorraine, at the age of six entered Decatur School for one year. Her parents then moved to Ohio where she entered the Green School for the next five and one-half years. They then moved to Blue Creek Township where she finished the remainder of her elementary schooling at Kinsey. The following year she entered Monroe High School. She was transferred to the Ellettsville High School where she will finish her education.

Lorraine likes bowling and basketball for her favorite sports. Her mother is thinking of buying her a Junior year she had raised the basketball team in winning many games by scoring the shooting basket. I think every body agrees that Lorraine and Dorothy Smith were very good in keeping the crowd cheering at all times, even in defeat.

Lorraine is liked by everyone because of her pleasing personality. She is liked by all her classmates, but especially by that tall, curly haired Senior of 1941 who is enrolled at State Teachers College this year.

Edna----- Johnson, your hair is all messed. Did Dan mess you against your will?"  
Johnson--- "No Edna, positively not. He only touches he did."

---

Teacher (in the middle of a joke): "Have I ever told the class this one before?"  
Class---(in chorus): Yes  
Teacher (proceeding): "Good! You will probably understand it this time."

EDNA LUTHERHEIMER

Edna F. Lutherheimer was born January 7, 1924, in Decatur, Indiana. Three months after she was born her parents moved to Iren, Ohio. For four years she lived in Iren, and then she moved to Convey, where she spent her first four years in school. Later she moved to Blue Creek and has lived there ever since. During the years after she left Convey, she has attended two years at the Jackson School, two years at the Kinsey School, one year at Lakeside, and three years at Pleasant Mills High School.

Her first year as a graduate Freshman was spent at Lakeside. Her second year of high school was at Pleasant Mills. Edna was well liked here at Pleasant Mills, and she spent her last three years of high

school here. In grade school she was teased a lot about a certain young man who happened to be an Indian boy. Then in high school Edna worked hard her first year and sang in a chorus society at Iren. As a Sophomore she took part in some public speaking plays and has been known for her happy disposition during her four years of high school. As a senior she was in the Year of the Assembly and is well entertained by two Senior boys.

Edna's two hobbies are her brother's fishing station and a certain young man who seems to have taken care of nearly all of her spare time.

During her eighth grade she went on her first date. They moved to Fullerton. They only went a half a year when they moved again. This time they moved to the Pleasant Hills High School. Carol finished her eighth grade there.

Elnora is a dark complexioned girl with black hair, dark brown eyes and is about five feet three inches tall. A pleasing personality is the reason for her large number of friends among her classmates at school.

Her ambition is to become a nurse.

## What's a Man Made Of

There's not a man, not a dog for his nose  
 Or a key to the lock of his hair?  
 And his eyes he calls "eyes" -  
 Because there are on his face?  
 In the crown of his head what are round?  
 And revealed the shape of his head?  
 Can he use when thing on the back of his head?  
 The hair on the back of his head?  
 Can the trunk of his nose be used?  
 If so, what can he do?  
 Can he use his shoulder blades?  
 Or no, I do not know do you?  
 Can he use in the shape of the back of his hand?  
 Or back on the back of his hand?  
 Does the calf of his leg use the back of his hand?  
 If so, why does your back on the back?

After a long stay in the hospital, the family and friends of 1941 took a trip to Detroit. The road to the city was a long one, but from there he went to Detroit on a train. They were having so much fun. After a while they were getting long all right the scene changed. This time the leaves revealed a little country church out among the hills. We could hear the bells ringing what was going to take place a wedding? Perhaps or just church services maybe a funeral. But the bells didn't sound sad enough. Then the doors of the church opened and we could see the people sitting in their pews some were crying. Why? We could see Deacon Robert Wood taking his place behind the pulpit as the wedding march began. Soon we could see the bride coming up the aisle. She was dressed in white and had a very long train. It almost took your breath away it was so alluring. As the bride came closer we recognized her as Irene Grepper. Next the groom was beside her and Reverend Wood began the sentence. It was all very beautiful and soon Irene and her lucky husband were on their honeymoon. Then the breeze from the window blew the leaves from my cup. As they flew about the room there seemed to be a peculiar noise and there before us was a circus ground. Doris and I decided that since it was there by some unknown power we might as well go in and see what this was all about. We walked into the grounds the ticket agent didn't even stop us or ask us for tickets. I thought that queer. I looked for Doris but I couldn't see her I called and she answered she seemed very odd. She called to me and all of a sudden I saw someone jump into me. I followed and she started to laugh. All things now we were invisible. We took hold of hands and went into the big tent. We decided since none could see us we would sit down and like other girls not interrupt the show. A little way into the tent we announced the different features on the show. I guess you think that it is like that. Bob Traylor's promised us and told us to be quiet because people were looking around to see what was happening. A little while later I forgot she was invisible and shouted your legs were clicked up to the trapeze to do her act. But of course she had to have a partner and she would be a better partner than Albin Jacobs. Believe you or they were really good. After the big show was over he walked around the air up grounds. He was warned about trying not to miss anything. We could see a large group of people gathered at one side. We couldn't see what was going on so we had to go closer. We could get very close. Doris whispered "lets crowd through the people and see what goes on." We pushed a few people pardon us I need to push a lot of people. We also pushed a few on someone else. It was funny to us but we didn't dare laugh. After we had stepped on about everyone's face we were close enough to see the big attraction. We should have suspected it wouldn't be the rubber man and was it you happened we found? None other than our old class mate Kenneth Suman. We wanted to talk to him but before we could say anything we found

The beginning of the first half was slow with no action dictated to them. They knew if the Spartans could score a touchdown like they had it would be an easy victory. For when they thought they would be too tired because of the game with the Bears gone then in the afternoon. Still Deatur had set the Spartans easy earlier in the season on their home floor. At the start of the game Deatur drew first blood by Irish Whapping on the left from the side. The Spartans gained possession of the ball and to even things up August sent a one handed hook shot over the cross through the net leaving the score tied at 2-2. At the close of the first quarter the Spartans played ball handling but were in the lead 9-2 over the Yellow Jackets. In the second quarter another Bear scored easily and the Spartans scored 2 field goals and one foul shot. Deatur scored only one shot in the third quarter 14 to 7 with the Spartans leading again.

The start of the last half of the final game was the Yellow Jackets set back of the Spartans. In the second quarter by making 4 field goals and 2 foul shots. In the third quarter Coach Deatur had set the Yellow Jackets a trap making the final score at conclusion of the third quarter 31-10 with the Yellow Jackets on the outside. Deatur had tricked the Spartans to the last quarter of the final game. The Spartans showed the aggravated Yellow Jackets how it should be done by scoring 2 field goals and 3 foul shots. The final of 3 points and held the dizzy and sick Yellow Jackets scoreless. At the end of the last quarter the Old Faithful Spartans announced the Yellow Jackets 31 to 14 and took back the national championship to Pleasant Hills.

Now for the celebration which the Spartans were looking forward to. If they became Champs. There was more no than there had been for some time for it was the first time in 10 years. All the ball boys, cheer leaders, and some of the old stand by made several trips through town on Old Market Ford Roaster carrying the large black and white Pleasant Hills banner. After a little lunch all the Spartans went, Coach Deatur, Coach, and fans met at Pleasant Hills and enjoyed a beer and a hot dog on the corner of Main and Madison Street late that night.

## THE HUNTINGTON REGIONAL

On March 7 the Pleasant Hills Spartans left their home town to start on their journey to Huntington to play the Huntington Bulldogs in the Second game in the afternoon starting at 1:30 about 1:30 before time to play the boys were given refreshments at LaFontaine to rest while the Liberty Center Lions and the Huntington Vikings played to see who would still be in the race for the Regional finals that night. In which the Huntington Bulldogs Liberty Center 58 to 40.

At the start of the game of the Pleasant Hills Spartans the Spartans showed good ball playing as they led to the end of the first quarter ahead of the Bulldogs 10 to 0. In the second quarter the Spartans were unable to hold the Bulldogs under control for they outscored them to 10 to 0 at the half 10 to 10.

The last half would be seen in easy victory for the Spartans but they couldn't click under the basket, because of the shooting they missed several shots and also missed several layups which could be scored with ease. The Spartans finished and maybe Regional Champs. For Huntington beat Liberty Center one point which shows that we were the point guard. The Huntington beat Pineville in the first round. Good luck next year boys. With the ropes of the past ring the bells of the future.

## THESE GUYS ARE SPARTANS

Harold August (Center) (6) will answer if you'd like. He has played with the Spartans 4 years. He was an outstanding player in his center position for the year of "40-41," also captain of the team and made the all-sectional team and won the honorable membership in the regional "Knock Out" tournament. He gave him a souvenir on his lip just before the close of the year, which cancelled Harold's date with Helen Johnston. His position "Oh Unhappy Day."

Dorrie Williamson (Forward) (10) name was stretched to "Dor-ter" played ball with the Kirkland Vanguards his first two years. He then started to play ball with the Pleasant Hills Spartans in the year of "40-41." He was the fastest guy on the team and a good scorer if his right hand didn't fail him. He also played extra hard because of a certain senior girl of "40-41" who was the best. In "41-42" he was outstanding player of the team and the Spartans to sectional champs and being the forward on the all-sectional team.

Joe Wartz (Forward) (6) also known as "Shorty" has been in action for 4 years being the shortest boy on the squad. The little guy when they get started really take him places. He played on the first team this year and is noted for being the long shot which carried the Spartans through to victory in a few games this year. He would say "I guess it'll show when it's over."

Robert Gray (Guard) (5) "Old Jack" was left out for years. He was in 1941 and started to fight for the Spartans. He is a good ball handler, that is what he says. He is noted to be a good ball player for the Spartans. He was arrested with the referee about the foul he made in the game.

Charles McBrien (Guard) (5) or "Charlie" is joining this year has played guard on the team. Also made the all-sectional team. He is a good ball handler and noted for his cutting speed. "It's his cut." As we hear there is a little black boy named Jackson that played on the Lauding team who was Charles' best sport of the opponent's team. Charles made a various change in his name when he was knocked down against the wall on purpose. Ask him for the change.
